TERMS AND CONDITIONS

Ski passes are person-specific and non-transferable. Only persons with a valid ski pass will be transported. Any misuse of ski passes (passing on to third parties, providing false data, disregarding the conditions of carriage) will result in the withdrawal of the ski pass, the purchase of a one-day ski pass and a penalty in the amount of a two-day ski pass. We reserve the right to press charges on suspicion of fraudulent procurement of a service (§ 149 StGB) or fraud (§ 146 StGB).

If ski passes are returned, the retained deposit (NOT included in lift price) will be refunded. In the event of sports injuries with medical attestation from a local doctor and immediate submission of the ski pass, reimbursement of the unused benefit of the ski pass (from the subsequent day onwards) is guaranteed. Reimbursements will only be granted to injured persons, and not their family members or fellow travellers, and not in the event of illness. No reimbursement will be granted for day ski passes in the event of adverse weather, cessation of business, piste closures, closure of individual lifts, illness, early departure or interruption.

A refund after 28th February of the same year is excluded. For the rescue of injured persons we charge a fee of € 150,-.

All pistes are closed from 5pm to 8.30am. To ensure maximum skiing enjoyment, this time is used to prepare the pistes and produce artificial snow. Use of the pistes and routes during this time is dangerous to life and is not permitted!

Children up to the age of 15 must wear a helmet.

Small children born 2019 or later travel for free (when accompanied by a parent); Children born 2009 and later; Youth: born 2008, 2007, 2006; Students born 1999 and later only with ID. Handicapped: on request.

Facilities or pistes may be closed due to heavy snowfall, weather events (risk of avalanche, storm, adverse weather, etc.), administrative order (for example Pandemic,...), unforeseen technical faults or for safety reasons. These cessations of business do not constitute grounds for a price reduction or reimbursement of purchased ski passes.

By purchasing a ski pass, the customer consents to automatic registration or personal photographic recording, storage and processing of personal data.

THE LOSER. YOUR MOUNTAIN. MOMENT

Fog-free panoramic views of Ausseerland and nearby Upper Austria tempt you to enjoy winter in the snowy ski resort in Altaussee. With its 34 kilometres of pistes and more than 1,000 metres of altitude difference, the Loser is an Eldorado for skiers, freeriders, winter hikers, tobogganists and ski tourers.

The new, barrier-free 10-seater Gondola lift takes winter fans up the mountain quickly and comfortably. Both beginners and advanced skiers will find plenty of space to enjoy gliding, carving and swinging on the wide pistes.

FREERIDING & FUN PARK

The action-packed wave run "Loserfenster" is an energetic way to let off steam. The Freeride Areas on the Loser are unique and are among the most spectacular in the Alpine region.

Head up the mountain and enjoy boundless freedom away from the pistes!

HIKING, TOBOGGANING & SO MUCH MORE

With selected lifts, off-piste skiers, winter hikers and tobogganists can climb the Loser and enjoy a perfect winter experience. A new mountain hiking path at 1,600 m invites walkers and snowshoe fans to take some panoramic trips.

The 7 km panorama route provides fun for walkers and tobogganists and is also Styria's longest family slope. Our own ski touring route will take you on some variant routes from the Loser plateau to the Totes Gebirge.

SLOW DOWN

The cosy ski cabins right on the pistes invite you to stop and enjoy the magnificent views. You can enjoy making tracks on the cross-country loop between the Loser Arena and Blaa-Alm.

A parallel hiking route is also the starting point for guided snow school hikes.

At the Loser ski resort, beginners become experts, and experts become perfectionists.
